- 12. Abbreviations and References Handbook 2021 Workshop

Abbreviations

ADME Absorption, Distribution, Metabolism and Excretion

AOP Adverse Outcome Pathway

ATSDR Agency for Toxic Substances and Disease Registry

BMDL Benchmark Dose Level

COT Committee on Toxicity of Chemicals in Food, Consumer Products and

the Environment

DDI Drug-drug interaction

EFPIA European Federation of Pharmaceutical Industries and Associations

EFSA European Food Safety Authority

EMA European Medicines Agency

EURL- European Union Reference Laboratory for Alternatives to Animal

ECVAM Testing

FSA Food Standards Agency

HBM Human Biomonitoring

HESI Health and Environmental Sciences Institute

Httk High-Throughput Toxicokinetics

ICF IndusChemFate

ICH International Council for Harmonisation

ILSI International Life Sciences Institute

IMED Innovative Medicines

IPCS	International Programme on Chemical Safety
ISI	The Institute for Scientific Information
JECFA	Joint Food and Agriculture Organisation/World Health Expert Committee on Food Additives
JMPR	Joint Food and Agriculture Organisation/World Health Expert Committee on Pesticide Residues
LJMU	Liverpool John Moores University
МоА	Mode of Action
NAMs	New Approach Methodologies
NOAEL	No-observed-adverse-effect-level
OECD	Organisation for Economic Cooperation and Development OSHA
OECD	Organisation for Economic Cooperation and Development OSHA
PBPK	Physiologically based Pharmacokinetic Modelling
PFOA	Perfluorooctanoic acid
(Q)SAR	(Quantitative-) Structure Activity Relationship SERD
TD	Toxicodynamic
TK	Toxicokinetic

US EPA United States Environmental Protection Agency US FDA

TD Toxicodynamic

WHO World Health Organisation
