**Summary: summary of the paper/topic covered**

**COT Science Report 01/24 (Number and year)**

This report has been written by the Committee on the Toxicity of Chemicals in Food, Consumer Products and the Environment (COT) Secretariat as part COT reviewing activities in providing advice to Government Departments and Agencies on matters concerning the toxicity of chemicals. It may not be considered as an output adopted by the COT. The COT reserves its rights, view and position as regards the issues addressed and the conclusions reached in the present document.

The findings do not represent the views of the Government Departments and Agencies, and this document does not represent information approved or disseminated by them.
