Abbreviations

Adverse Outcome Pathways

AOP

Acceptable Daily Intake

ADI

antimicrobial resistance	AMR
Committee on Toxicity of Chemicals in Food, Consumer Products and the Environment	COT
Food Standards Agency	FSA
Faecal Microbiota Transplant	FMT
guidance for industry	GFI
Inflammatory bowel disease	IBD
Joint FAO/WHO Expert Committee on Food Additives	JECFA
Joint Meeting on Pesticide Residues	JMPR
microbiological Acceptable Daily Intake	mADI
no-observed adverse effect concentrations/levels	NOAEC/Ls
Quantitative PCR	qPC
ribosomal RNA	rRNA
Short chain fatty acids	SCFAs
T helper 17 cells	TH17
Ultra processed foods	UPF

Organizing Committee

Dr Olivia Osborne
Ms Cath Mulholland
Ms Sophy Orphanos

Acknowledgements

We wish to acknowledge the UK Food Standards Agency (UK FSA), the Committee on Toxicity of Chemicals in Food, Consumer Products and the Environment (COT) and participants of the workshop to thank them for their contributions.

Disclaimer

The content of this article does not necessarily reflect the views of the Food Standards Agency or the Committee on Toxicity of Chemicals in Food, Consumer Products and the Environment, nor should their endorsement of any of the content be inferred.

This article contains summaries of the presentations and discussions that took place in the workshop. As such, they represent the views of the authors, and no official endorsement from the participants, either as an individual or as the company/institution/agency that they represent.
