

Statements

2006

Statement on additives (2006)

COT statement on food additives and developmental neurotoxicity

[External link to the national archive for the 2006 COT statement on food additives and developmental neurotoxicity](#)

Statement on bitter apricot kernels (2006)

COT statement on cyanogenic glycosides in bitter apricot kernels

[External link to the national archive for the 2006 COT statement on cyanogenic glycosides in bitter apricot kernels](#)

Statement on breast implants (2006)

COT statement on further toxicity studies in the rat of a hydrogel filler for breast implants

[External link to the national archive for the 2006 COT statement on further toxicity studies in the rat of a hydrogel filler for breast implants](#)

Statement on chlorinated and brominated contaminants (2006)

COT statement on organic chlorinated and brominated contaminants in shellfish, farmed and wild fish

[External link to the national archive for the 2006 COT statement on organic chlorinated and brominated contaminants in shellfish, farmed and wild fish](#)

Statement on diet-drug interaction (2006)

COT statement on joint COT/CSM one day meeting on diet-drug interactions

[External link to the national archive for the 2006 COT statement on joint COT /CSM one day meeting on diet-drug interactions](#)

Statement on Diethyl-m-toluamide (DEET) (2006)

COT update to the statement on the review of toxicology literature on the use of topical insect repellent diethyl-m-toluamide (DEET)

[External link to the national archive for the 2006 COT update to statement on the review of toxicology literature on the use of topical insect repellent diethyl-m-toluamide \(DEET\)](#)

Statement on dioxins (2006)

COT statement on the 2005 WHO equivalency factors for dioxins and dioxin-like compounds

[External link to the national archive for the 2006 COT statement on 2005 WHO equivalency factors for dioxins and dioxin-like compounds](#)

Statement on disinfectants (2006)

COT statement on a commercial survey investigating the occurrence of disinfectants and disinfection by-products in prepared salads

[External link to the national archive for the 2006 COT statement on a commercial survey investigating the occurrence of disinfectants and disinfection by-products in prepared salads](#)

Meeting report on male reproduction (2006)

COT meeting report on the developmental and function in adulthood of the human male reproductive system - potential chemical-induced effects

[External link to the national archive for the 2006 COT meeting report on the development and function in adulthood of the human male reproductive system - potential chemical-induced effects](#)

Statement on marine biotoxins (2006)

COT statement on the risk assessment of marine biotoxins of the okadaic acid, pectenotoxin, azaspiracid and yessotoxin groups in support of human health

[External link to the national archive for the 2006 COT statement on risk assessment of marine biotoxins of the okadaic acid, pectenotoxin, azaspiracid and yessotoxin groups in support of human health](#)

Statement on Paralytic shellfish poisoning (PSP) (2006)

COT statement on the risk assessment and monitoring of Paralytic shellfish poisoning (PSP) toxins in support of human health

[External link to the national archive for the 2006 COT statement on risk assessment and monitoring of paralytic shellfish poisoning \(PSP\) toxins in support of human health](#)

Statement on PAVA (Nonivamide) (2006)

COT statement on the combined exposure to 2-Chlorobenzylidene Malonitrile (CS) and PAVA (Nonivamide) sprays

[External link to the national archive for the 2006 COT statement on combined exposure to 2-Chlorobenzylidene Malonitrile \(CS\) and PAVA \(Nonivamide\) sprays](#)

Statements on Perfluorooctane (2006)

COT statement on the tolerable daily intake for perfluorooctanoic sulfonate

[External link to the national archive for the 2006 COT statement on the tolerable daily intake for perfluorooctane sulfonate](#)

COT statement on the tolerable daily intake for perfluorooctanoic acid

[External link to the national archive for the 2006 COT statement on the tolerable daily intake for perfluorooctanoic acid](#)

Statement on uranium (2006)

COT statement on uranium levels in water used to reconstitute infant formula

[External link to the national archive for the 2006 COT statement on uranium levels in water used to reconstitute infant formula](#)
