Scientific Advisory Committees (SAC) Summary of recent activities

This document summarises the recent activity of the FSA's Scientific Advisory Committees (SACs). We highlight topics discussed at the most recent meeting and agenda items for the next meeting.

Science Council

Updated: 9 January 2023.

Last open meeting: 8 December 2022.

Summary

- The Chair presented a summary of her activity over the last 6 months.
- The FSA led a discussion of the FSA Science Update 2022 (FSA 22/12/07) to the FSA Board.
- The CSA updated the Council on his recent activity and discussions (including Government Office of Science's review of SACs, changing FSA priorities this year, the Precision Breeding Bill).
- Updates from Science Council members attending Scientific Advisory Committees (SACs) and a proposed streamlining of members' engagement.

Next open meeting: 7 September 2023.

Chair: Professor Sandy Thomas

Advisory Committee for Social Science (ACSS)

Updated: January 2023.

Last meeting: 20th July 2022.

(9th plenary, open session). Minutes and papers are available on the website.

Key update items:

- Julie Hill has started her role as Chair of the ACSS.
- Three new members joined the committee in October, Dr Charlotte Hardman, Professor Fiona Gillison and Dr Naomi Maynard. In October, we held a successful induction event to welcome the new members to the committee.
- ACSS secretariat and Julie Hill attending the DEFRA SSEG (Social Science Expert Group) meeting in Cambridge in November.
- 10th plenary on February 2nd, attendees include Susan Jebb and members from DEFRA's SSEG secretariat.
- Planning on the ACSS's first networking event in the next financial year.

Working group highlights:

- The Assurance working group have completed the 'good science' quality assurance toolkit to support the production of high-quality research within FSA social science. The group have also contributed to the Social Science Gateway Process, and as such review the research questions and methodology of all new social science projects.
- The Kitchen Life 2 working group continues to support the innovative, cross-cutting and multi-disciplinary research project Kitchen Life 2. Fieldwork for the project has now been completed and several of the working group members attended the behavioural interventions workshop in November to generate hypotheses for behavioural intervention. Drafts of reports are expected in February 2023.

- The Wider Consumer Interests working group continues to support this new ARI and focus on Household Food Insecurity and the Consumer Insight Tracker which the working group lead is conducting an in-depth review of.
- The Economics working group have reviewed the economic work plan for the next financial year and are provided with monthly updates on key activity within the economics team.
- The Climate Change and Consumer Behaviour working group had a recent publication around the impact of climate change on consumer food behaviours. The group has paused activity for the time being.

The next open meeting (10th Plenary) of the ACSS will be 2nd February 2023.

Advisory Committee on Novel Foods and Processes (ACNFP)

Updated: 17th February 2023.

Last meeting: 7th and 8th February 2023.

- A traditional food notification for *Madhuca Longifolia* was reviewed with reasoned safety objections raised.
- Draft outputs for RP549 and RP1202 were reviewed for the final time, to be published once cleared.
- RP35, RP1033, RP1238, RP1411 and RP1109 were reviewed with draft outputs commissioned, to be reviewed at the next meetings.
- RP1290 and RP1046 were reviewed for the first time with requests for further information to applicant.
- A draft of the Committee's advice prepared by the Products of Genetic Technologies (PGT) subgroup for renewal applications for genetically modified soybean, maize and cotton were discussed and agreed..

Next meeting: 26th April 2023.

Products of Genetic Technologies Subcommittee (PGT)

PGT Subcommittee

Updated: 18 March 2023.

Last PGT meeting: 15th March 2023.

Highlight:

Minutes of PGT6 agreed; process for future GM assessments (how to split the task per expertise) was agreed; the meeting was dedicated to a Precision Breeding workshops, focussing on data requirement.

Next meeting: 17th May 2023.

Advisory Committee on Novel Foods and Processes and Committee on Toxicity on CBD and Hemp Derived Products

CBD Subgroup

Updated: 02 February 2023.

Last CBD meeting: 17h January 2023.

Highlight:

All minutes of precedent meetings have been reviewed and were finalised at the January meeting before discussing output to FPP; meeting included a discussion surrounding the EIHA Consortium dataset and how this package of data could potentially affect the reserved ADI of 10mg that was hypothesised in September.

A position paper skeleton regarding pure form >98% CBD products was brought to the committee; the Secretariat proposed that members comment on this skeleton further until the 24th of January before a final draft is completed. An urgent mini-90-minute meeting has been scheduled for w/c 13th February, due to the need to push the submission of the final position paper.

Next main meeting: 8th March 2023 (CBD5 – Current agenda TBC)

Chair: Dr Camilla Alexander-White
