Test strategies and evaluations

Continued advice, OECD recommendations, standardisation of genotoxicity test procedures 1993 39

finalise the updating of 7 existing guidelines and to consider 2 new guidelines.	1994 25
interpretation of genotoxicity tests chemical mutagenesis	1995 37
advice on strategies in carcinogenicity for the ongoing discussions of the International Conference on	1996 44
Harmonisation of the Technical Requirements for Registration of Pharmaceuticals for Human Use (ICH).	1996 75
test strategies and interpretation of genotoxicity tests in the context of the discussions of the Genotoxicity Working Party of the International Conference on Harmonisation of the Technical Requirements for Registration of Pharmaceuticals for Human Use (ICH).	1997 75, 112
review of its guidelines for the testing of chemicals for mutagenicity	1998 34, 50
revision of guidelines on an appropriate strategy for the testing of chemicals for mutagenicity & evaluation of chemically induced aneuploidy and in particular the extrapolation of data from somatic cells to germ cells.	2000 63
In vitro micronucleus test	2002 88
ILSI/HESI research programme on alternative cancer models: results of Syrian hamster embryo cell transformation assay	2002 87
IGHRC paper on uncertainty factors	2002 129
Minimum duration of carcinogenicity studies in rats	2002 130

Short term tests for carcinogenicity. (ILSI/HESI research programme on alternative cancer models)	2002 131
The investigation of interaction between genotype and chemicals in the environment on the induction of cancer	2002 132
In-vitro Mammalian cell mutation assays	2003 137
Strategy for investigating germ cell mutagens	2003 138
Significance of in-vivo mutagenicity at high doses	2003 139
COC guidance on a strategy for risk assessment of carcinogens	2004 188 to 190
COT/COC/COM review of toxicogenomics	2004 190, 191
approaches to test strategies for chemicals which were positive in in vitro mutagenicity tests	2006 240
TK6 GADD45a GFP genotoxicity assay as an early screening assay to be undertaken prior to in-vitro mutagenicity testing.	2007 137
development of an OECD guideline for the in vitro micronucleus test	2007 137
Review of COM Guidance 2000	2008 234
Risk assessment of in-vivo mutagens (and genotoxic carcinogens)	2001 89
Tobacco induced lung carcinogenesis: The importance of p53 mutations	2001 89

International Workshop on the Categorisation of Mutagens
